SECTION 11: SUPPLEMENTARY CONDITIONS

Substantial Completion:

- A. Substantial Completion is the stage in the progress of the work when the project manager inspects the work or designated portions and certifies in writing to all parties that it is sufficiently complete in accordance with the contract documents so that the Owner can fully occupy or utilize the work for its intended use, with limited additional work required or anticipated before full project completion.
- B. - C. The Selected Bidder and the Owner agree that in the event that Substantial Completion of the Work does not occur on or prior to the schedule listed below, the Owner will suffer damages in the amount which may, due to the special nature of the Project, the Owner’s business and the Owner’s reliance upon the Substantial Completion date, be impractical or extremely difficult to ascertain. The Owner and the Selected Bidder agree that the Damage Amount, which represents the parties’ estimate of the sum of total broadcast cost per day and caption cost per broadcast day, is a reasonable estimate of the damages that the Owner will suffer if Substantial Completion of the Work does not occur on or prior to the Substantial Completion date.
- D. Payment of liquidated damages shall be in the form of a Change Order reducing the Selected Bidder’s Contract Sum by the amount of the liquidated damages. If the Selected Bidder refuses to sign the Change Order for liquidated damages, the Owner reserves the right to unilaterally reduce the Contract Sum by the amount of the liquidated damages. If the amount of the liquidated damages exceeds the remaining unpaid balance of the Contract, the Contract Sum shall be reduced by the amount of the unpaid balance and the Selected Bidder shall pay the Owner the difference between the liquidated damages and the unpaid balance.
