Subject: Hero Pay

While you deliberate who should get hero pay I just wanted to make sure you remember your Licensed Daycare Center workers.

We have shown up and worked everyday during the pandemic and did everything we could to keep the kids safe so the nurses, doctors

And those truly on the front line could work. We also did this for \$10 per hour (is the average wage in the rural area for a daycare worker).

We are teachers that love kids. That is why we do what we do....It definitely is not for the money.....What nurse or doctor would have

Shown up daily during the pandemic for the wages we get!!

Thanks for listening and we would love to invite our group to visit our business. A local rural licensed daycare center.

Thankyou

Lorilyn Dehning
