Subject: Essential workers bonus

Hello, I'm a UFCW local 1189 worker at Grand Village senior living facility in Grand Rapids MN. I feel we deserve the one time bonus for working in a COVID 19 active facility for more than one year. My social life has changed even more than most. Making sure I don't socialize with family and friends. Working in a facility that had positive COVID-19 coworkers and residents. Risking my life as well as my wife's. Please consider us for the one time bonus for Frontline Workers.

Thank you,
John Hansen
