Representing Minnesota Board of Behavioral Health and Therapy

Distinct count of disqualified and disqualification rescinded

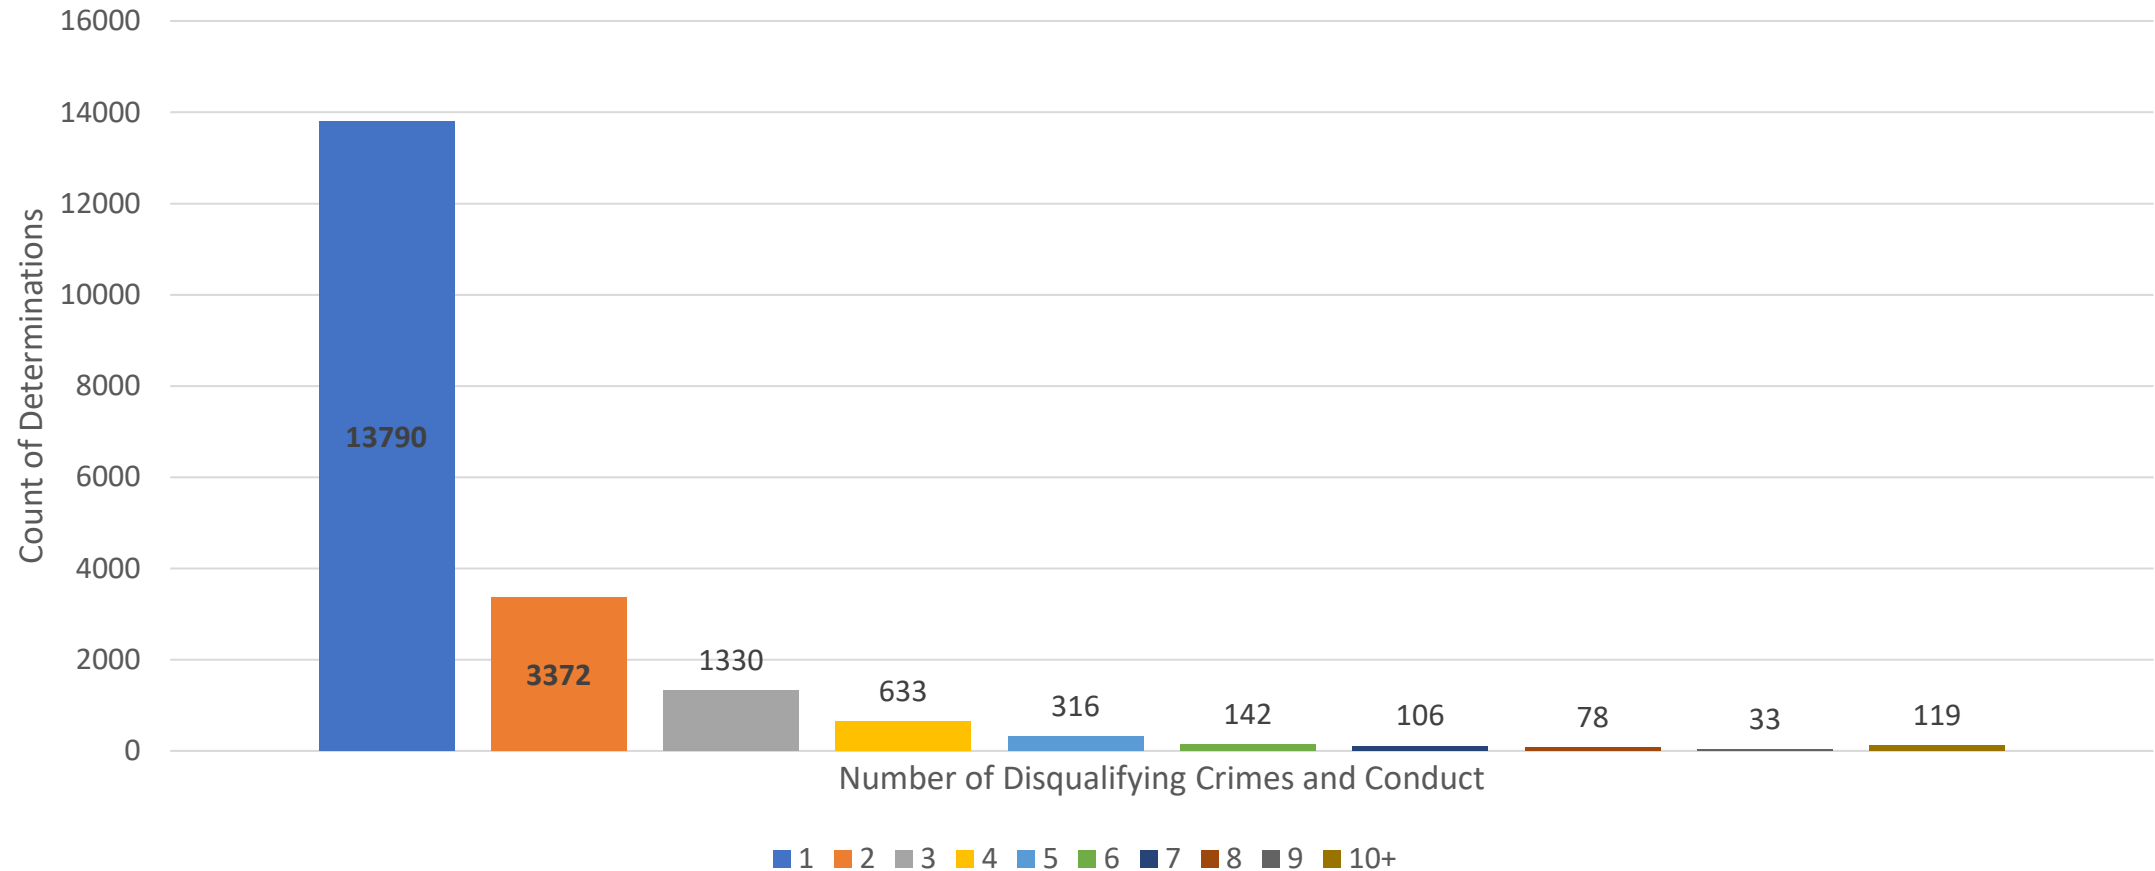

Distinct count of persons with at least one disqualified or disqualification rescinded

Distinct count of persons with at least one disqualified or disqualification rescinded by race/ethnicity (2018 and 2019 Grand Total)

Count of disqualifying or disqualification rescinded – determination now eligible determination determinations by number of disqualifying crimes and conduct, 2018-2019

Distinct count of persons with at least one disqualified or disqualification rescinded by severity (2019 only)

Not Applicable. In cases where an individual is not allowed to provide services until either an eligible determination, a set aside, or a variance has been obtained, the risk of harm is not applicable because an individual with a disqualifying determination cannot provide services regardless of their risk of harm unless a set aside or variance is obtained.

High. It is determined that “an individual studied poses an imminent risk of harm”. A high risk of harm individual must be immediately removed from service and has 30 days to request a reconsideration. (Minn. Stat. sec. 245C.17 subd. 3)

■ Low ■ Medium ■ High ■ Not Applicable

Low. It is determined that “an individual studied does not pose a risk of harm that requires continuous, direct supervision”. A low risk of harm individual is allowed to continue providing services during their reconsideration request period and has 15 days to request a reconsideration. (Minn. Stat. sec. 245C.17 subd. 3)

Medium. It is determined that “an individual studied poses a risk of harm that requires continuous, direct supervision”. A medium risk of harm individual is allowed to continue providing services under continuous and direct supervision during their reconsideration request period and has 30 days to request a reconsideration. (Minn. Stat. sec. 245C.17 subd. 3)
