4.35	the project after the grant period. The applicant must describe achievable objectives, a
4.36	timetable, and roles and capabilities of responsible individuals in the organization.

SF1246

5.1	Subd. 4. Consideration of applications. The commissioner shall review each
5.2	application to determine whether or not the application is complete and whether
5.3	the program and the project are eligible for a grant. In evaluating applications, the
5.4	commissioner shall score each application based on factors including, but not limited to,
5.5	the applicant's clarity and thoroughness in describing the project and the problems to be
5.6	addressed, the extent to which the applicant has demonstrated that the applicant has made
5.7	adequate provisions to assure proper and efficient operation of the training program once
5.8	the grant project is completed, the extent to which the proposed project is consistent with
5.9	the goal of increasing access to primary care and mental health services for rural and
5.10	underserved urban communities, the extent to which the proposed project incorporates
5.11	team-based primary care, and project costs and use of funds.
5.12	Subd. 5. Program oversight. The commissioner shall determine the amount of
5.13	a grant to be given to an eligible program based on the relative score of each eligible
5.14	program's application, other relevant factors discussed during the review, and the funds
5.15	available to the commissioner. Appropriations made to the program do not cancel and
5.16	are available until expended. During the grant period, the commissioner may require and
5.17	collect from programs receiving grants any information necessary to evaluate the program.
