Who has presented already? (as of 2/9/15)

LWC History Sen Len Price (history of first LWC) Susan Schmidt (history of first LWC) State Agencies Clean Water Fund Interagency Coordinating Team (Deborah Swackhamer & Rebecca Flood for MPCA, BWSR, DNR, MDH, Met Council, U of MN-WRC, MDA) DNR - Groundwater Management Areas (Jason Moeckel) Local Government Association of Minnesota Counties (Duane Bakke) League of Minnesota Cities (Craig Johnson) State/Local Government Advisory Clean Water Council (Michael McKay & Pam Blixt) Non-Governmental Units (general) Freshwater Society (Steve Woods and Darrel Gerber) Minnesota Center for Environmental Advocacy (Scott Strand & Michael Schmidt) MN Environmental Partnership (Steve Morse) Non-Geovernmental Units (agriculture) Agri-Growth Council (Perry Aasness) Farm Bureau (Doug Busselman) MN Farmers' Union (Doug Peterson) Special Topic White Bear Lake Settlement Agreement Representatives (Barb Naramore DNR, James Markoe WBLHA, Shannon Whitaker WBLRA) ORGANIZATIONS (in no particular order) Local Implementers (ag) Lower MN River Watershed District MN River Basin Congress (Scott Sparlin's grass roots effort) MN Agriculture Water Resources Coalition MN Association of Soil and Water Conservation Districts 7 Mile Creek Project (1997 - 2007 by Nicollet Co SWCD, Karen Dallas) MN Association of Watershed Districts Local Implementers (urban) **MN Cities Stormwater Coalition** MN municipal water suppliers MN Municipal Utilities Association American Water Works Association-MN Section MN Rural Water Association MN wastewater operators MESERB (municipal wastewater treatment plants) MN Onsite Wastewater Association (septics) Recreational interest groups **Ducks Unlimited** MN Golf Course Superintendents Association MN Outdoor Heritage Association **MN** Waterfowl Association **Pheasants Forever Trout Unlimited** Non-Governmental Organizations Friends of the Mississippi River Nature Conservancy **Educational Institutions** Aquatic Invasive Species Center St Anthony Falls Laboratory U of MN Extension Advancing Water Technologies/Economic Development Ecolab Pentair U of MN

<u>OPICS (</u> in alphabetical order)	
1 Watershed 1 Plan (BWSR)	
Advancing water technologies/economic development	
Agency overlap/service delivery (structure of state agencies involved in water)/accountability	
Agricultural incentive programs	
Agricultural Water Quality Certification Program	
Buffers	
Capital projects - funding sources, past projects/precedents	
Climate change/adaptation	
Drainage	
Education	
Fairness between Ag and Urban water issues	
Farmer led solutions	
Floodplain management/flood mitigation	
Groundwater appropriations/permitting	
Groundwater Management Areas	
Groundwater/uses	
Infrastructure replacement (aging infrastructure/upsizing)	
Local capacity/funding	
MN Water Law - quantity and usage regulations	
MN Water Research Digital Library	
MN Water Sustainability Framework - Progress Update	
Navigating the water agencies (people don't know where to go for assistance/permits/funding)	
Nitrates (in surface and groundwater; e.g., ag runoff, Pines to Potatoes	
Nonpoint source pollution	
Private wells and septic systems (possibly Mark Hayes, MN Geotech Services; ref by Sen Chamberlain)	
Sedimentation (e.g., Lake Pepin filling, flood damage, near-channel erosion)	
Sensitive Natural Resources (e.g., trout streams, calcareous fens, endangered/threatened/special concern species)	
Silica sand mining (water quality impacts)	
Sustainable water use (groundwater and surface water)	
Tiered Aquatic Life Uses (MPCA)	
Water 101	
Water Conservation (including pricing)/Reuse	
White Bear Lake findings (USGS)	
WRAPs (MPCA)
