#### Weekly LWC Update 12-15-16

Interested reader: each week, I gather general information for Legislative Water Commission members to help keep them apprised about water issues in Minnesota. It contains a roundup of easily attainable MN water news, as well as articles from beyond MN that may inform member thinking. It also includes summaries of meetings I have attended and reports I have read, as well as info about upcoming events. During the Legislative Session, it also includes updates on water-related legislation. Any errors or omissions are inadvertent.

Barb Huberty, Director, MN Legislative Water Commission 100 Rev. Dr. Martin Luther King Jr. Blvd., 65 State Office Building St. Paul, MN 55155 Phone: 651/284-6431 Email: barb.huberty@lcc.leg.mn

Web site: www.lcc.leg.mn/lwc/

#### This will be the last weekly update for 2016; they will resume on 1/6/17.

### MN NEWS

#### WATER ACTIONS

- MASWCD: <u>"The Dirt" on Cook and Lake SWCDs Collaborating for "One Watershed One</u> <u>Plan"</u> and <u>"The Dirt" on Dodge SWCD - Helping landowners through outreach programs</u>
- Brainerd Dispatch: <u>Family preserves 500 acres of wildlife habitat</u>; that also preserves wetlands and buffers protecting Island and Mud lakes, near Emily
- KSTP: <u>MN Board of Water & Soil Resources Awards \$13.4 Million in Clean Water Fund Grants</u>; 78 of 171 applications were funded from a total of \$34.4 million in requests; BWSR: <u>\$13.4 million</u> <u>awarded to improve Minnesota's water quality</u>; for more details on the 78 projects, go <u>here</u> and look for these hyperlinks:

- Red Wing Republican Eagle: <u>10 smart salting tips that protect Minnesota waters</u> with videos; MPCA: <u>10 smart salting tips to protect Minnesota waters</u>

### SURFACE WATER/STORMWATER

- Capitol Report: Great Lakes cleanup to continue 5 years under legislation
- Limnology and Oceanography: <u>Climate warming and changes in Cyclotella sensu lato in the</u> <u>Laurentian Great Lakes</u>; U.S. (U of MN-NRRI) and Canadian researchers have shown a relationship between warming lake temperatures and temperature stratification to an increase in the population of tiny algae called cyclotella; although researchers say the increase at the base of the food web is not concerning in and of itself, they note a potential change in relationship to organisms up the food chain, like zooplankton, small fish that eat zooplankton, and even large fish at the top of the food chain like lake trout
- Duluth News Tribune: Great Lakes spending included in federal water bill
- Fairmont Sentinel: Minnesota Department of Natural Resources Update to Buffer Map
- The Advocate: <u>LSU scientist teams with rowboat team to research Mississippi River water</u>; from MN to LA, rowers are collecting water samples at tributaries to the Mississippi River in a study of the river's microscopic organisms
- Winona Daily News: <u>Environment report card highlights threat from 'mega-rains</u>'; Pioneer Press: <u>More 'mega-rains,' tick diseases on tap for Minnesota, report says</u>
- EchoPress: <u>A \$5.6 million pollution solution</u>; MPCA's TMDL report for Lake Winona near Alexandria estimates that it will cost \$5.6 million to reduce phosphorus pollution to acceptable levels; MPCA: <u>Comments sought on draft report about water pollution in Lake Winona</u>

### AG & WATER

• Austin Daily Herald: Mower SWCD promotes upland water storage

#### **EXTRACTIVE INDUSTRIES**

- Timberjay: MPCA, environmental groups reach temporary settlement on Minntac permit
- Bemidji Pioneer: <u>'You couldn't hear, you couldn't sit': Activists asked to leave Enbridge meeting</u> <u>Tuesday night (w/ video); MPR: Enbridge shuts down Bemidji meeting after confrontation with</u> <u>pipeline protesters;</u> Duluth News Tribune: <u>Enbridge cancels pipeline forum after heated</u> <u>community meeting</u>
- InfoSuperior: <u>Right Through Here</u>; Enbridge's "Line 3" project from Hardisty, Alberta to Gretna, Manitoba, near the ND-MN border has been approved; on the U.S. side, Line 3 will then continue across MN to Superior, WI, crossing the St. Louis River

Enbridge's Line 3 project (red and blue line) runs between Hardisty, Alberta and Superior, Wisconsin.

- Duluth News Tribune: Feds ask for Twin Metals lawsuit to be dismissed; MPR: Government seeks to dismiss Twin Metals mining lease lawsuit;
- Pioneer Press: Feds deny minerals lease renewals for Twin Metals mine near Ely; Strib: Feds slam brakes on copper-nickel mine near Boundary Waters; MPR: Feds halt Twin Metals plan for Minnesota copper mine; The Wilderness Society: Big step: Interior denies mining lease renewal in Minnesota's Boundary Waters; The Hill: Feds block northern Minnesota mining project; ABC News: Feds Deny Minerals Lease Renewals for NE Minnesota Mine; The Washington Post: Feds deny request to renew mining lease in Minnesota wilderness area; this will start a formal review process to examine whether all mining activities in 234,000 acres abutting the wilderness should be barred for the next 20 years; Governor Dayton's Office: Statement from Governor Dayton on Federal Twin Metals Mineral Lease Decision
- Strib: The Latest: <u>Trade group blasts Minnesota mine lease denial</u>; Minnesota Mining hopes President-elect Donald Trump's administration will reverse Obama's administration decision not to renew the mineral rights leases for the proposed Twin Metals copper-nickel mine

### **OPINIONS**

- Duluth News Tribune: Native View: Enbridge must be held accountable in northern Minnesota
- Duluth News Tribune: <u>Reader's View: State must recognize the threat of sulfide mining</u>
