

## **Legislative Commission on Data Practices and Personal Privacy**

### **Minnesotans for Open Government\***

#### **Written Testimony of Matt Ehling, Board Member - December 11, 2025**

Co-chairs Feist and Scott, and members of the Commission,

Many thanks to you and your colleagues for conducting detailed hearings into several important policy matters that affect government data issues.

I have a work conflict that will prevent me from attending the December 11th hearing, but I have submitted the enclosed written comments on three of the agenda items for the December 11 hearing. These comments are submitted on behalf of the board of Minnesotans for Open Government.

Please feel free to contact me with any questions you may have on the matters raised in our comments at [contact.mnog@gmail.com](mailto:contact.mnog@gmail.com).

Sincerely,

/s/Matt Ehling  
Board Member
