

Minnesota Department of **Human Services**

---

The Minnesota Adult Abuse Reporting Center (MAARC) will launch July 1, 2015. This is an updated process notification from that outlined in a DHS memo in early June, 2014. The update is in response to requests from law enforcement agencies.

Law enforcement notifications for emergencies and for needs for immediate protection of a vulnerable adult are a separate process.

For your agency to receive adult abuse notification reports from MAARC please respond to the survey found at:

<http://surveys.dhs.state.mn.us/snapwebhost/s.asp?k=143378913386>

Each agency will be asked to provide a qualified, secure email address to the Department of Human Services at the address listed below as soon as possible. A qualified email address is:

- Secure
- Checked frequently, no less than every 24 hours (including weekends and holidays)

The survey consists of 7 questions:

- Agency name
- Jurisdiction, including city and county
- Secure email address
- Contact and phone number for follow-up questions
- 24-hour agency emergency phone contact information
